Hi Dr. Uccellini,

I am reaching out from NPR's Morning Edition. We are a daily news program with over 15 million listeners.

We would absolutely love to have you on our air tomorrow morning to talk about the National Weather Association meeting and the public prominence of weather data during Hurricane Dorian.

This would be a ***live*** interview lasting around five minutes at 5:34am central time (6:34am EST).

Please let me know if we can make this work.

Kelli Wessinger
